

## ESS SEMINAR: LEGAL LIABILITY

Tuesday, 26 July 2011

When do you have a duty of care? What is reasonable and how careful should you be?

This seminar will focus on important legal issues for all categories of Education Support Staff. The session will focus on what 'duty of care' is and how to apply basic legal principles to any given circumstances. Participants will have the opportunity for discussion based on case studies and their own experiences.

This session is presented by the IEU's in-house legal team: Denis Matson and Kristen Wischer, who share over 40 years of legal and industrial experience.
